User Research & Customer Personas

Understanding online shopping behaviour

01 Research overview

A snapshot of platform preferences and the friction shoppers experience.

07
Survey Responses
Online shopping behaviour

57%
Use Flipkart most
4 of 7 respondents

86%
Face poor product quality
6 of 7 respondents

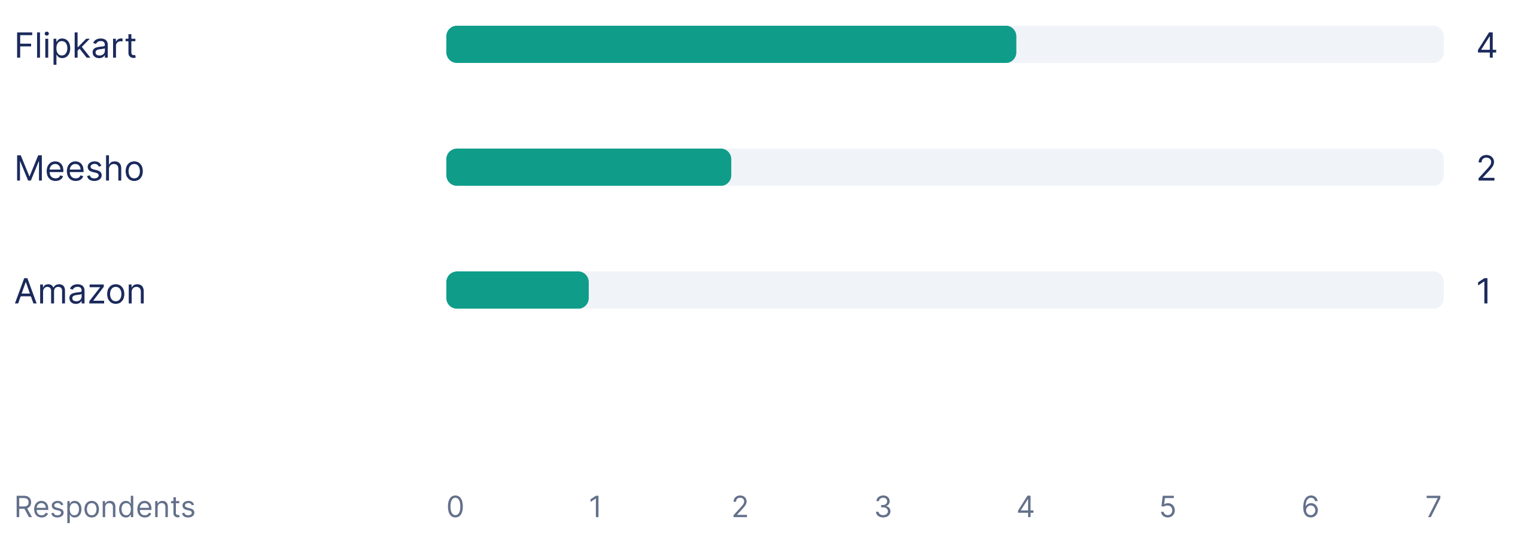
71%
Received damaged or wrong product
5 of 7 respondents

02 Shopping behaviour & pain points

Counts shown on a shared 0–7 scale, based on seven survey responses.

Platform usage

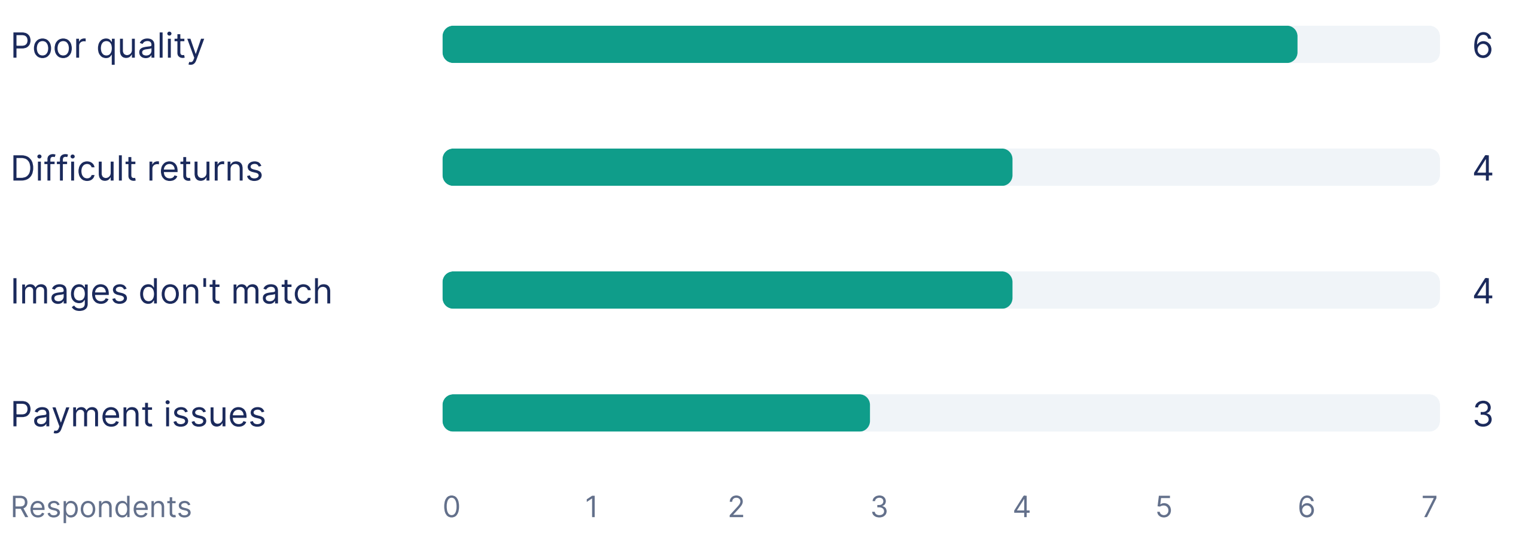
Where respondents shop most



Flipkart is the most-used platform: 4 of 7 respondents.

Top problems

Issues reported during online shopping



Problem counts are non-exclusive; one shopper may report several.

03 Key findings

Three signals that connect the shopping experience to customer trust.

Images mislead users

4 of 7 said product images don't match the actual product.

Returns break trust

4 of 7 find the return and refund process difficult.

Users want transparency

Accurate images, honest reviews and more discounts were the top requests.

04 Customer personas

Two profiles that bring shopping goals, frustrations and expectations into focus.

A

Arjun, 20

College Student

SHOPPING HABITS
Shops on Flipkart, Meesho, Amazon.

GOALS
Good price, discounts, fast delivery.

PAIN POINTS
Poor quality, payment issues, damaged products, hard returns.

NEEDS
Accurate reviews, easy returns.

IN THEIR WORDS
"I read reviews before buying, but the quality is still different."

M

Meena, 32

Working Professional

SHOPPING HABITS
Shops weekly on Flipkart.

GOALS
Trusted brands, hassle-free returns.

PAIN POINTS
Images don't match product, complicated refunds, payment failures.

NEEDS
Real unfiltered images, clear descriptions, good support.

IN THEIR WORDS
"The images should be accurate to what we are buying."

05 Empathy maps

Says uses the supplied quotes; Thinks and Feels are inferred from each persona's stated goals and pain points.

A

Arjun

College Student

Says	Thinks Inferred
"I read reviews before buying, but the quality is still different."	Weighs price and discounts against product quality and delivery speed.
Does	**Feels** Inferred
Reads reviews before buying. Shops on Flipkart, Meesho and Amazon.	Wary of product quality and frustrated by difficult returns.

M

Meena

Working Professional

Says	Thinks Inferred
"The images should be accurate to what we are buying."	Looks for trusted brands, real images and clear product descriptions.
Does	**Feels** Inferred
Shops weekly on Flipkart.	Uncertain about product imagery; frustrated by refunds and payment failures.
