Every action, clearly expressed.

Purposeful hierarchies and complete field feedback. Each named frame is an editable family specimen.

Button hierarchy & interaction states

Medium · 44 px high · 18 px horizontal inset · 12 px radius · 8 px icon gap

VARIANT	Default	Pressed	Disabled	Keyboard focus	Loading
Primary One main action	Continue	Continue	Continue	Continue	Saving...
Secondary Supporting action	Continue	Continue	Continue	Continue	Saving...
Tertiary Low-emphasis action	Continue	Continue	Continue	Continue	Saving...
Destructive Irreversible action	Remove	Remove	Remove	Remove	Saving...

Sizes & icon placement

Small is for dense desktop UI. Use ≥44 px hit areas on touch devices.

Action rules

Use verb-first labels. Keep one primary action per task and pair destructive actions with a confirmation.

Icon-only controls require accessible names. Loading retains its label; disable duplicate submission.

Pressed ≠ selected

Input states

Always-visible labels · 44 px fields · 7 px label gap · 12 px helper text · errors provide a clear recovery
